Blairmore, Alberta

Town Appoints Solicitor At A \$250 Retainer

Will Enforce Proceedings Against Delinquents.—Union Takes a Stand

The regular fortnightly meeting
of the Blairmore town council was
held tonight, the mayor and full
council being present.

The minutes of previous two
meetings were on motion approved
as read, and the following accounts
were passed subject to approval of
the various committees:

T. W. Davies, for casket, etc., for Mrs.
Holloppa, \$48.00; Crystal Dairy, milk
supplied emergency isolation hospital,
\$4.00; R. Smallwood, \$5.00; Blairmore
Hardware Co., meter rent for two
months, \$48.50; Blairmore Hardware
Co., sundry account \$5.25; Chas. Grah-
am, painting signs, \$15.30; J. A. Mc-
Donald, four days meter reading, etc.,
\$20.00; Alberta Government Telephones,
\$7.85; E. J. Puzi \$9.70; Mrs. Sanderson
\$20.00; H. Henson \$45.00; Minnie Rob-
ber Co. \$5.50; Mrs. J. Holloway, twelve
days' nursing at Mrs. Nichols, \$60.00;
Blairmore Enterprise, sundry stationery
and publication of auditors' annual
statement \$119.25; Provincial Registrar
Land Titles Office \$5.00.

The account of Mrs. J. Holloway was
referred to Sam Nicholson, senior, who
engaged her as nurse.

L. H. Putnam applied for the town's
solicitorship, and on motion by McDon-
ald-Morency, L. H. Putnam was ap-
pointed solicitor general for the town at
a retainer of \$250 per annum.

Walbridge, Henwood & Co., of Ed-
monton, wrote demanding settlement of
account with Trent, Noxon & Co for re-
covered debentures and interest. Secretary
was instructed to advise the above firm
that early steps for settlement would be
taken. Trent, Noxon's account amounted
to in the neighborhood of \$2750.

The light account of the West Cana-
dian Collectors was the subject of consid-
erable discussion. Accounts running as
high as \$880 for a month and averaging
about \$720 had been received by the
town up to December 31. Since that
date a meter has been installed by the
above named company, which recorded
only \$172 for the month of January,
which should be the heaviest month of
the year instead of the lightest. It was
contended by the council that something
must have been radically wrong with the
meter reading of the post, or else with
the present meter reading. It was also
charged that the required voltage was
not being given, and that the average
was below 100, which should be 110.

Frank Palm appeared on behalf of
Mrs. Palma, who had an account against
the town for services as nurse during the
epidemic. After considerable discussion
the matter was ordered tabled until some
future date.

Louis Hollovina again appeared in be-
half of his property tax. Hollovina stat-

ed that he refused to pay any further
tax on his property until steps were
taken to protect his property from the
inroads of the Old Man River, which,
during the past couple of years had ren-
dered his property practically valueless.
The matter was referred to a committee
who will investigate and report at next
regular meeting.

E. Piccanello, proprietor of the Alberta
hotel, presented an account for \$165, be-
ing rent for the month of November last
and \$80 damages claimed for the time
the hotel was quarantined and used as
an isolation hospital. The health and
relief committee will look into this mat-
ter.

The mayor reported having chosen
Messrs. W. J. Bartlett, James Patterson
and Albert Olsen to act as members of
the town board of health, and that the
above mentioned had consented to act
in that capacity. On motion, Messrs.
Bartlett, Patterson and Olsen were ap-
pointed members of the municipal board
of health, to serve for three, two and one
years respectively.

Councillor Johnston asked why the
"Miners' Union, the Oddfellows and other
organizations" were not required to pay a
license fee such as paid by the opera
house for operation on an admission fee
basis. The license and police committee
were instructed to enquire and report.

P. M. Christophers appeared on be-
half of several members of the local uni-
on, on whom garnishee summonses were
served for collection of accounts incurred
for hospital expenses during the epi-
demic. Mr. Christophers protested against
this method of demand and claimed
that the men had already paid a doctor,
who had contracted to provide the neces-
sary hospital accommodation, and that be-
cause of this fact the men could not be
compelled to pay a second time. He asked
if the council intended to enforce the
resolution passed at the last
meeting of the council, in respect to en-
forcing collection of such accounts, and
if so, that the union was prepared to
fight the case for the men, and had al-
ready retained their district attorneys to
handle the case. On the other hand,
the council felt quite within their rights
in making such demands upon the men,
for whom special accommodation and
treatment had to be provided in the best
interest of the health of the community
because of inadequate provision having
been made by the union medical, Dr.
Bayfield. The council informed the uni-
on delegation that it fully intended to
proceed with whatever means were nec-
essary to enforce collection of the out-
standing amounts, and the matter had
been left in the hands of a solicitor who
would look after the town's interests.

The business tax of 1917 was the sub-
ject of discussion for a few minutes.

Officers of Crows Nest Pass Local G.W.V.A.

The Veterans of this district
have organized a local of the G.W.
V.A. of Canada to be known as the
Crows Nest Pass Local. The fol-
lowing is a list of the officers:
President—J. M. Carter, Blairmore
Vice-Pres.—H. M. Walker, Belle-
vue.

Second Vice-Pres.—R. Royle, Hill-
crest.

Sec.-Treas.—L. H. Putnam, Blair-
more.

Executive—

Nat Evans, Bellevue.
Harold Hughson, Coleman.
H. G. Cooper, Hillcrest.
Danny Lewis, Blairmore.
H. H. Fitzsimmons, Frank.
W. M. Bradford, Coleman.

Sergeant-at-arms—Dan Dunlop,
Frank.

Master of Ceremonies—W. Howe,
Blairmore.

Harry B. Berry has entered into
the livery and auto repair business at
Coleman. Harry was at one
time dispensing drugs in the phar-
macy of H. G. Bigelow here, and
since that time has been conveying
His Majesty's mails through the
district surrounding Brooks.

Double tracking of the main line
from Edmonton to Calgary is con-
templated to be made this year.

Red Cross Notice

A new shipment of supplies has
arrived and the regular weekly
sowing meetings will now be re-
sumed, commencing Tuesday, Feb-
ruary 25th. An urgent call is ex-
tended to all members and workers.
We have been only marking time
for several months and must now
begin again our usual active cam-
paign for both money and supplies.
A report will be given by our dele-
gate to the annual meeting of the
provincial branch in Calgary, and
a program outlined for the work of
the society on a new peace basis.

Advocating the construction of
a trunk automobile road from Ed-
monton to Calgary and Lethbridge
out of the funds contributed through
licenses by automobile owners, Dr.
Blow is interesting motorists
throughout the province in the
campaign for better roads. The
province last year collected ap-
proximately \$533,999 in automo-
bile licenses, and this year the sum
is expected to exceed \$600,000.

The House of Hobberlin man
will be at the F. M. Thompson Co's
store on or about February 19th,
with a full range of samples of suit
materials, and will be prepared to
take orders and measurements for
suits.

Guide Our Values By Comparison

TRY IT TO-NIGHT FOR
YOUR NERVOUSNESS

Worn out, tired in the morning, you lack the energy and ambition to work as of old. This means nerve decay—nerves that are starved for the want of good food. It's blood nourishment that vitalizes the nerves. Your blood is thin, weak, watery. It's filled with poisons that hang on because your kidneys don't filter properly.

See here, fix up your kidneys, put new life in your liver, and you'll feel like new in a short time.

To do this, you must use Dr. Hamilton's Pills, they make life look bright and pleasant because they restore harmony and vigor to the organs that need repair.

Dr. Hamilton's Pills warm the blood and fill it with nutrient that's bound to build you up, that's sure to life your weakness, that invariably does make you joyful, robust, good health.

Think of it, youthful strength, loss of nerve force, plenty of red blood surging through your veins— Isn't this reason enough for your using Dr. Hamilton's Pills? Sold in 25c boxes by all dealers.

Canada Fifty
Years HenceSir Gilbert Parker Says Dominion
Has Greater Future

It may be said that prophecy on such a matter is all guesswork. But as population is concerned, that may be so, and yet we can make a profitable guess on even that. Taking the experience of the United States, as well as of Canada, the immigration and the increase of births over deaths would warrant us in believing that the population of Canada in 1968 will not be less than twenty-five millions at least, and as for industrial, commercial, agricultural and other interests, there can be no doubt of the immense strides that she will make.

In agriculture the production, has already been enormous and in fifty years from now she will feed herself and the United States (for it must be remembered that the United States has already taken up all her arable land, with little to spare, while hundreds of thousands of American farmers settled in Canada during the past few years—42,918 entered in 1905) and send all that is needed to England, and export to other countries as well.

The prairie that was once called "wedge of the immense American desert" now yields immense crops, and the new area opened up by the Grand Trunk Pacific, the Canadian Northern and the new area of production.

Speaking of the United States, a New York newspaper of high standing said a few years ago:

"The old figure of the land of America as a boundless loaf-giver feeding the world. That picture of her is fading before our eyes. A great change has come. It is not alone that the tide of production slackens, it is that consumption grows even more rapidly. It is not only due to a small, yield that we exported more fruits to Great Britain than of wheat to all the world last year, we shipped more value of cotton cloth than of flour."

Why, Alberta and Saskatchewan are each five times as large as the State of New York; as Ontario, a splendid agricultural province, is larger than the states of Maine, New Hampshire, Vermont, New Carolina, Florida and Ohio combined.

Manitoba alone has a greater wheat-growing capacity than the whole 46,000,000 acres under cultivation in the United States, and Canada has over 280,000,000 acres of the finest agricultural land in the world still to be settled.

Industrially one has only to think of what Canada has produced in the way of munitions since the war began, and of the water power and the electrical power she has. Niagara alone gives immense industrial power, as well as lighting for the cities of Ontario, and Shawinigan gives Montreal and distant west industrial force, while the falls formed by the waters of Lake Superior flowing into the St. Marie River at Sault Ste. Marie offer immense opportunities. Shawinigan will be the centre of great commercial enterprise. Pulp mills and aluminum works have been founded from the Shawinigan power, and this will extend, and has extended, to other industries.

Think of the mineral resources of Canada—good coal east and west, iron and steel works on the Atlantic coast and at Sault Ste. Marie, nickel mines at Sudbury which British capital

Not Arranged by Authorities
Kaiser "Put One Over" on Dutch Government

The Hague. — A strong defence of the position of the Netherlands in regard to the former emperor of Germany was made by Mr. Heunskerk, minister of justice, the man who is confronted with one of the knottiest international problems in history. The minister, whose department will be responsible for the disposition of Holland's notorious refugee in the event of a formal demand for Wilhelm's delivery to the allied powers, outlined the probable proceedings of the Dutch government in such a case. His statements were forceful, clear and concise and your correspondent was much impressed by them throughout the talk.

"About the Dutch authorities, having arranged through the Kaiser's aids for his flight to our country," said the minister, "I tell you that not one of our officials, either civilian or military, had a hand in it. To use slang, he added, laughing, 'the Kaiser put one over on us. Every time. Duijnman deplores his presence here and would much prefer him out of the country. It would be a good thing if a St. Helena could be found for him, but there are any St. Helenas in these days of submarines and airplanes?'"

Prince Albert in Germany
Is Now on Headquarters Staff of Canadian Corps

Ottawa. — The following article, written by a Canadian official correspondent with the Canadian Corps, has been received from the overseas military authorities:

"Bonn, Germany. — Prince Albert, the second son of His Majesty King George V., is now on the headquarters staff of the Canadian Corps.

Although the prince has been with the corps a short time only, it has been long enough to show that, like his brother, the Prince of Wales, who was on the Canadian headquarters staff for some time, he, too, is a manly democratic youth, possessing a similar eagerness to learn of men and things.

Prince Albert, who is twenty-three years of age, has been several months with the Royal Air Force, where he fully demonstrated that he is lacking not one whit in personal courage and aggressiveness of any of those qualities recognized as common to all ranks of the intrepid personnel. With the appointment of Prince Albert to the Canadian corps there are, two members of the royal family with the Canadian Corps. Prince Arthur of Connaught having returned to his old love after his return from his visit to Japan several weeks ago.

Feed Now Plentiful
Situation in the West, Corn, Concentrates and Screenings O. K.

"The feed situation in Canada is now excellent," declared an official of the feed division of the live stock branch at Ottawa, "There is plenty of feed offering, both Canadian and imported. There is plenty of corn, plenty of concentrates, plenty of screenings. The Dominion government have a reserve of 100,000 bushels of screenings at \$1.40 a ton. Wheat, 25,000 tons of insured flour, 200,000 sacks at \$6. a ton f.o.b. Toronto, and \$66 f.o.b. Montreal."

"There seems to be a big supply of feed in the country for the farmers are all busy now. Bran and shorts are purchasable on the open market today in straight carload lots, without the war-time necessity of buying flour as well as mill feed. We have 15,000 tons of screenings at Fort William and are offering No. 4 yellow corn throughout the Western provinces on a basis of \$1.40 a bushel, f.o.b. Minneapolis. There is a plentiful coarse grain crop throughout the greater part of the country, farmers having sown mixed barley and oats for feed purposes to a larger extent than usual. So with with the government reserves and the commercial offerings there is no danger of a shortage of feed in Canada. Nobody need worry about that."

Ask Demobilization

The Winnipeg Trades and Labor congress, at its meeting recently, passed a resolution demanding that Canadian troops now in Siberia and western Russia be immediately withdrawn, and that troops being mobilized in Canada to invade Russia be immediately demobilized. Another resolution adopted called for a western Canada labor convention, to take in all labor organizations west of the Great Lakes.

The man who will not investigate both sides of a question is dishonest. — Lincoln.

BOY SCOUT NEWS
Young Canada
Be Prepared

Investment in Son

You have \$1,000 in a Percheron colt and you are perfecting plans to get principal and interest out of him. You have \$500 in a Hereford calf and you aim to make him a paying property. You have \$100 in a young Berkshire and you give him generous care and proper feeds to secure returns from his breeding. But did you ever stop to cast up the investment you have made in that growing son of yours?

He has two hands that in the tables of accident insurance are each worth \$500. He has two arms and two legs that on the same basis of computation are worth \$1,000 each. He has two eyes and two ears that, according to the ratings of the courts are worth a couple of thousand each. He has tractable nerves, and perfect digestion and ability to sleep that put him among millionaires; "would easily bring a hundred thousand." He has bounding spirits and fresh ambitions and eager hopes and rosy beliefs in life and men that are beyond all price. He possesses hereditary traits—the sturdy perseverance of your mother—that are iracible and immensely valuable.

What are you doing to get the best out of him? Chores, yes. The strap, maybe. A patch of garden. Anything more? What are you doing to brighten his inner world? What pictures are you hanging daily in the gallery of his memory? How are you fitting him to realize his ambitions, to make of his hopes something more than rainbow dreams and of his hereditary impulses something better than vague tastes and tendencies. He is a treasury of physical, mental and emotional values; how are you preparing him to put these into remunerative circulation? You are laying up money for him, but the best legacy parents can leave their children is the remembrance of an honest father and a devoutly hopeful mother.

Whatever may be the state of your bank account, you are rich if you possess a boy. And you are equally rich if your boy chooses to be a girl.

Gaining Fresh Victories
Bolshevik Forces are Well Equipped for Warfare

London. — (With the Bolshevik armies winning additional victories practically everywhere, reports were received from several sources indicating a let down of allied and German resistance to them.

According to the Express, the British light cruiser squadron will be withdrawn from the Estonian coast within a few days because of danger from the ice. The squadron, however, will patrol the Baltic as far as Danzig.

German troops have retreated to a new position several kilometers from Riga, abandoning a thousand German soldiers in that city according to a Berlin despatch. The despatch said that the German cabinet had conferred with the German central council of Soviets regarding the situation on the Russian frontier.

Well equipped Bolshevik forces have captured Walk and Wenden, according to a Riga despatch to the Berlin Vossische Zeitung. This despatch said the German troops in the Baltic provinces are practically out of provisions, and are refusing to fight, declaring they wish to return home immediately. Soldiers defending the railway are said to be deserting, rendering orderly retirement of the German forces impossible.

Will Visit United States

Paris. — President Poincaré will probably visit the United States late in July or early in August. This announcement was made.

we are presenting himself to the Associated Press.

Montreal Daily Star.

WHAT SOLDIERS WANT.

A suggestion to those who are sending gifts to soldiers overseas comes from Lt.-Col. (Canon) Frederick George Scott, Senior Chaplain of the First Division, in a cable received by friends in Montreal. He says "The men want playing cards and chewing tobacco."

"Ever-lastingly Good"

SUNDAY SCHOOL LESSON
LESSON FOR JANUARY 19—THE
PASSOVER

1. The Passover Instituted (12:1-23).

1. The time set (v. 2). With the institution of the Passover came a change in the order of time. The common year was rolling on as usual, but with reference to his chosen people the order is interrupted and everything is made to date from this. This signifies that redemption is the first step in real life. "Old things have passed away, all things have become new." Before this the man was dead in trespass and sin; now he has arisen to walk in newness of life. All before redemption counts for naught. The world thinks that real life ends when one accepts Christ, but this is a grave mistake. It is, the beginning of real life.

2. The lamb set apart (v. 3). This previous setting apart of the lamb typifies the preordination of Christ to be our Saviour. Redemption was not an afterthought of God (I Peter 1:18-20). This lamb must be a pale without blemish, indicating that it must be both representative and perfect.

3. The lamb was killed by the whole congregation (v. 6). This shows that it was not for the individual only, but for the entire assembly. "The setting apart of the lamb was not sufficient, it must be killed, for 'without the shedding of blood there is no remission of sins.' The lamb might have been tied to the door of the Israelite that night, but there would have been no salvation, notwithstanding its perfection. Had Christ's spotless life continued till the present time and his matchless teaching gone on without interruption, not a single soul would have been saved. For 'Except a corn of wheat fall into the ground and die it abideth alone.' (John 12:24).

4. The blood of the slain lamb was to be placed upon the sideposts and lintels of the door (v. 7). It was not sprinkled upon the threshold, as it must not be trampled under foot (Hebrews 10:29). When the destroyer passed through the land he passed over the houses where the door posts were sprinkled with blood. This blood was the evidence that a substitute had been offered for them. They could rest absolutely secure, because the matter had been settled according to divine arrangement. The blood was the ground of peace. The assurance is not when you feel your sins are

pardoned, but "when I see the blood will pass over you."

5. Israel feeding upon the lamb (v. 8-10). This denotes fellowship. Judgment must precede feasting. The eating of unleavened bread signifies that no sin is connected or allowed in fellowship with Christ. All who have entered into the power of the cross will put away sin.

6. They ate the passover ready for action (v. 11). The loins being girt, about, betokens separation from sin and preparation and readiness for action. The feet being shod indicates their willingness to leave the land. The staff in the hand indicates their nature as pilgrims leaning upon a support outside of themselves. They were to leave behind them the place of death and darkness and march toward the promised land.

7. The uncircumcised denied participation in the feast (v. 43-49). Circumcision was a type of regeneration. The significance of the requirement is that only those who have become new creatures by the power of the cross have a right to sit at the Passover feast.

2. The Significance of the Passover (12:24-28).

It was a memorial institution, calling to mind the deliverance of the Israelites from Egyptian bondage—God's interposition on their behalf, freeing them from their oppression. This was to be taught to their children when they came into the land from generation to generation.

3. The AWFUL JUDGMENT (12:29, 30). That night the destroyer passed through Egypt and slew the first born of every house and the blood was not found. A awful cry went up from Egypt that night.

4. The Great Deliverance (12:31-36).

So mighty was this stroke that Pharaoh called for Moses in the night and requested him to be gone with his flocks and herds.

Work of Australian Troops

Melbourne. — The minister of defence publishes a report on the work of the Australian troops in France from March 26 to October 5 last. The report says that the Australians took 28,665 prisoners, 333 guns, many thousands of machine guns, mortars and vehicles and millions of rounds of ammunition.

They also captured 116 towns and villages apart from many fortified farms, mills and woods and they released 251 square miles of French soil. The five Australian divisions at the front never numbered more than 100,000 men.

War Has Affected
Japanese Business

Thousands in Tokio are Out of Employment

Tokio. — The Japanese business world closed the year 1918 in a weak and uncertain mood but without recording any serious mishaps. In some cases the partial or complete closing of factories has thrown out of employment in Tokio 10,000 persons. The foreign commerce of the year was poor though the imports showed a slight increase. There was a decrease in cargo capacity and freight rates were unsettled. The stock market held firm. The rice market had a boom, though the raw silk market was poor. The demand for general commodities was weaker, while the prices of foodstuffs were higher.

Bankers were cautious about advancing money and this caused a tightness of credit. Money was in demand on account of the big transactions following the period of inflation. The banks having increased resources helped to make business settlements smoother.

More history is made than ever is written.

Heart Palpitated
Could Count Every Beat

When the heart begins to palpitate it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by faint, watery and dizzy spells. As the heart gets into this condition, you become weak, worn, and miserable, and are unable to attend to either social, business or house hold duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements. Mrs. Walter Gries, Ajijay, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great wonderful remedy. I hope they may prove good to some one who is suffering the way I was.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PARA-SANI WRAPPER

Heavy, waxed paper in Household Rolls, with handsome oak Roller Box. Keeps sandwiches, cakes, cheese and butter fresh and wholesome. There is no messy mass of pickles and cake, tomato juice and sandwiches at the picnic if each article is wrapped in Para-Sani.

Para-Sani is also good for household uses. It keeps bread fresh and moist until eaten. It protects meat and butter from contamination of flies, bad air or germs. It is good for lining cake tins or for polishing irons. Para-Sani will save many times its cost by preventing waste.

Cheaper and more convenient than waxed paper in sheets, and the paper is of better quality. Ask your Dealer.

Para-Sani sent prepaid on receipt of price or C.O.D.

Grow Rich in Canada

In Wapakama, Japan, is a fish-
ing village which has supplied
heavily over a thousand men and
women for the fishing industry of
Canada, according to an Osaka
paper. Many of these immigrants
have made money and some of
them have become so comfortably
established that they are able to
take occasional holidays at home.
This is chiefly in the winter,
when many return to the vil-
lage of Wapakama to choose a wife,
leave a child at school, or simply to
enjoy the old environment. When a
steamer from Canada arrives, it is
a sight to see long lines of rich-
shaws along the road to Wapakama
with joyful passengers dressed in the
latest Canadian style. At the en-
trance of the village they are met
by crowds of relatives and ac-
quaintances, and pretty girls dressed
in their gayest kimono are not
wanting.

A Worthy Successor

An announcement has just been made
of the appointment of George H. Hut-
ton, B.S.A., of Lacombe, as successor to
Dr. J. G. Rutherford, C.M.G., as su-
perintendent of Agriculture and Animal
Industry for the Canadian Pacific Rail-
way, with headquarters at Calgary.

Mr. Hutton, who for twelve years has
been superintendent of the Dominion ex-
perimental station at Lacombe, is well
and favorably known among the live-
stock and agricultural interests of west-
ern Canada. His work at Lacombe has
always been characterized by his prac-
ticability and thoroughness and he has
been successful in bringing that station to
rank.

The Canadian Pacific Company has in-
deed been fortunate in its choice of a
successor to Dr. Rutherford, who has
been so signally successful in directing
the huge agricultural enterprise of the
corporation. Mr. Hutton is splendidly
qualified by training and experience for
the work and should do well in the new
position to which he is certainly taking
the best wishes of the agriculturists of the
west. His many friends will be pleased
to know that western Canada is still to
have the benefit of his valuable services.

More Maple Sugar

Largely as a result of this war Canada
will have to pay interest on about \$2-
000,000,000. Her hope of financial sal-
vation lies in the development of her
natural resources. In calling attention
to these facts Chairman H. B. Thomson
of the Canada Food Board urges that
the greatest possible development of the sug-
ar maple trees of eastern Canada be un-
dertaken this spring. "Every dollar's
worth of Canadian maple sugar and sy-
rup produced is a dollar saved for Can-
ada," said Mr. Thomson.

Those who have made a business of
maple sugar and maple syrup say that
only 52 per cent of the trees in the aver-
age sugar bush under operation are tap-
ped and that without additional equip-
ment save extra pails, it would be pos-
sible to increase the production greatly if
those already accustomed to tapping
some of their trees would tap more. In
addition to this possibility for expansion
is the opportunity presented by many
farms which have sugar maple groves
which are not tapped at all, or if a few
trees are tapped, the small quantity of
sugar and syrup produced suffices only
for the use of the family on the farm.

A Montreal dealer recently sent out a
questionnaire to a large number of maple
sugar producers asking questions as to
the amount produced, number of trees
and total receipts in money. The an-
swers varied considerably, but one man
with 75 acres of bush, realized \$1,500 last
year for about three weeks work.
The average healthy maple tree was
supposed to produce 60c worth of sap in
the season at prices pertaining before the
war. It should be twice that much now.
It will do no harm for farmers to ex-
periment this season and see how many
trees they could tap, for sugar and syrup
will pay.

Dr. F. W. Patterson has resign-
ed the pastorate of First Baptist
church, Winnipeg, to accept the
general secretaryship of the West-
ern Canadian Baptist Union.

Local Great War Veterans' Association

Blairmore, Alberta.

February 14, 1919.

To the Citizens of Crow's Nest Pass.
FRIENDS—The Crow's Nest Pass
Local of the Great War Veterans
Association of Canada intend hold-
ing a series of dances and enter-
tainments throughout this district.
The first of the series will be a
Sunday night concert at Bellevue
on the 16th (next Sunday.) We
are doing our utmost to make this
a success and trust that the public
will assist us.

The next of the series will be a
grand masquerade dance at the
opera house, Blairmore, on Friday,
the 21st instant. Dancing will
commence at 9 p.m. sharp—remem-
ber, it's 9 p.m., not 9:30. The
desire of the boys is to have the
dancing start early, so as to elimi-
nate the necessity of staying up un-
til morning to finish the program.
Your co-operation in this respect
is urgently solicited. For this
dance we expect to have costumes
from Calgary for hire. The ob-
jective the Local has in view is the
building of a suitable memorial for
those who have taken part in the
great European war of 1914 to
1918, and without the co-operation
of the citizens throughout the dis-
trict this will be difficult to ac-
complish.

The aims and objects of the As-
sociation are: To perpetuate the
close and kindly ties of mutual ser-
vice in the great war, the recollec-
tions and associations of that ex-
perience, and to maintain proper
standards of dignity and honor be-
tween all returned soldiers. To
preserve the memory and records of
those who suffered and died for
the nation, to see to the erection of
monuments to their valor, the pro-
vision of suitable burial places, and
the establishment of an annual
memorial day. To ensure that
proper provision is made for the
due care of the sick, wounded or
needy among those who have served,
including reasonable pensions,
employment for such as are cap-
able, soldiers' homes, medical care
and equitable provision for depend-
able families of enlisted men. To
constantly inculcate loyalty to Can-
ada and the Empire and unstinted
service in their interest.

Political and religious questions
of every description shall be abso-
lutely excluded from the objects of

the Association.

We trust that this announce-
ment will be taken in the spirit in
which it is written, and that the
boys will receive the continued
hearty co-operation of the citizens
throughout this district. Then,
and only then, will their objective
be easily reached.

The Secretary will be pleased to
answer any inquiries.
Yours for hearty co-operation,
The Crow's Nest Pass Local
of the G.W.V.A.
L. H. PUTNAM,
Secretary-Treasurer.

Miners Charged With Attempted Murder

Lethbridge, Feb. 12.—For a crime
committed so far back as April of
last year in Ontario, the arm of
justice has reached out to Alberta
in the apprehension here and the
conveyance to the scene, of two
Austrian miners, charged with
complicity in the case. The two
men who were employed in the
coal mines at Coalhurst, are want-
ed by the Welland police in that
they are alleged to be the parties
responsible for a savage attack on
another of their nationality named
Petrus, with an iron bar. Petrus
was left for dead, and having spent
five months in hospital, is now a
cripple for life. The crime took
place at Crowland, in Welland
county.

The Austrians were, as a matter
of fact, arrested two weeks ago but
the provincial police have been
guarding the matter with silence
owing to the circumstances sur-
rounding the arrest. The details
were made public Tuesday by the
arrival of Constable Stockbridge
from Crowland with a witness who
identified the men, and their leav-
ing for Ontario to face the charge
of attempted murder preferred
against them. When arrested from
the description of the men wanted
sent out by the Welland police, the
prisoners denied all knowledge of
Welland. They said they were
none other than Dimitrie Masov-
cievich and Paul Oterovich, al-
though their names as the police
have them are Halakuk and Pitrus,
as appeared on the parole certifi-
cates they were carrying. They
went so far as to threaten the po-
lice with pains and penalties for
wrongful arrest and defamation of
character. Though the men were
remanded three times the proceed-
ings were kept sub rosa by the po-
lice until they obtained absolute
identification from the photos and
finger prints forwarded to Welland.

Earl Keith, of the Canadian Av-
iation Corps, arrived home from
England this week.

Military Police May Arrest Bootleggers

Ottawa, Feb. 11.—The govern-
ment has taken drastic action to
deal with the bootleggers who have
been selling whiskey to soldiers at
Quebec and other points enroute
from the ports of disembarkation.
An order-in-council has been
passed giving the militia authority
to arrest without warrant bootleg-
gers and deal with them according
to militia law.
Steps will be taken also to see

that the order is rightly enforced.
Outside of the bootleggers at Que-
bec, the chief difficulty is at Mon-
treal. The soldiers are not under
strict militia discipline, while many
of them have their discharges, and
if there is a stop of any length it is
almost impossible to prevent them
getting whiskey. The only way in
which this can be dealt with is
by drastically closing up all bars
in Montreal and it is a question
whether the Dominion would have
such authority.

The 'Enterprise,' Blairmore

EDMONTON, Feb. 7, 1919.

In accordance with the increased cost of all public utilities throughout
Canada, and especially in telephone systems, in view of the added cost of
maintenance and operation for each telephone unit proportionately with in-
creased telephone development, the following rate schedule will be in force
throughout the Alberta Government Telephone system effective April 1st, 1919:

EXCHANGE MONTHLY RATE SCHEDULE

Exchange Classification	Business Wall Desk	Residence Wall Desk
(a) DAY SERVICE.....	\$2.25	\$1.50
(b) SEMI-CONTINUOUS SERVICE.....	2.75	1.75
(c) CONTINUOUS SERVICE:		
Exchanges under 100 stations.....	8.00	3.25
(d) CONTINUOUS SERVICE:		
Exchanges between 100-500 stations.....	3.25	3.00
(e) CONTINUOUS SERVICE:		
Exchanges between 500-1000 stations.....	3.75	4.00
(f) CONTINUOUS SERVICE:		
Exchanges between 1000 and 5000 stations.....	4.00	4.25
(g) CONTINUOUS SERVICE:		
Exchanges between 5000 and 10000 stations.....	4.50	4.75
(h) CONTINUOUS SERVICE:		
Exchanges between 10000 and 15000 stations.....	5.00	5.25

EXTENSION SETS AND EXTENSION BELLS

Business Wall \$1.00 per month	Residence Wall 50c per month
Business Desk \$1.25 per month	Residence Desk 75c per month
Extension Bells.....	50c per month
Local Ringing Extension Bells.....	50c per month

INSTALLATION CHARGES

A service connection charge covering a portion of the average cost of
the initial expense of establishing service for new subscribers and of for-
mulating additional facilities to old subscribers shall be as follows:

- For individual or party line service, or extension set.....\$3.50
- For each extension bell.....2.00
- To cover directory, accounting, circuit and switchboard expenses in cases where service is established by the use of instruments already in place in the subscriber's premises and no change is made in the type or location of such instruments.....1.50
- To reconnect service when discontinued for non-payment of account.....1.00
- When it is necessary to erect poles or anchors in order to carry the wires from the main telephone line on the road allowance or street to the applicant's premises, such poles and anchors in connection therewith will be supplied and erected by the Department at the expense of the applicant, or if arranged for in advance in writing, the applicant may furnish and erect such poles and anchors in accordance with the specifications and regulations of the Department.

MOVES

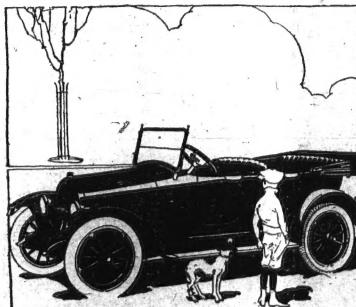

- The charge for an outside move shall be the same as the installation charge.
- The charges for an inside move shall be \$1.00.

EXCESS MILEAGE

The excess mileage rate for exchange service shall be 60c per month for each quarter mile or fraction thereof.
Rural Telephone Rates will be announced at a later date.

N. L. HARVEY,
Acting Deputy Minister of Railways and Telephones.

Overland

Model 90 Touring, \$1350; Model 85-4 Touring, \$1495; Model 85-4 Touring, \$1775; Model 85-4, \$2455
F. & E. Thomas

Overland cars always have been designed and built
to meet the taste and needs of substantial people.
The good things owners say cause the steadily
increasing demand for Model 90 cars. There
probably will not be enough to meet the demand
of this season.

at 7.30. Sunday school at 2.30 p.m.

Hillcrest—Services every Sunday
morning at 11. Sunday school at 10.
Rev. H. J. PETERS, Pastor.

Local and General

The first degree will be conferred
on several candidates at next Tues-
day's meeting of the local I.O.O.F.
Lodge.

Mrs. A. I. Blais, of Frank, goes
to Calgary Monday night to attend
the provincial Red Cross annual
meeting.

There was a large attendance at
the opera house on Tuesday night
to witness the official "Surrender
of the German Fleet."

See Charlie Chaplin in the first
of his million dollar pictures, "A
Dog's Life," at the opera house
Saturday and Sunday.

Private Warren P. Porter, son of
Capt. George P. and Mrs. Porter,
of Lethbridge, formerly of the
Frank Sanatorium, died of pneu-
monia overseas.

An important meeting of the
Crow's Nest Pass Automobile Asso-
ciation will be held at the Cosmo-
politan hotel on Wednesday even-
ing next at 8 o'clock.

Coleman's hockey stars defeated
Fernie to the tune of 9-6 on Fri-
day night last. Fernie claims that
the Coleman team were much
heavier and more seasoned.

Mr. A. E. Ostowell, of Alberta
University, who is overseas in con-
nection with the Khaki university,
is now at Arras, and will likely re-
turn to Canada about midsummer.

The number of marriages con-
tracted in Britain by members of
the Canadian overseas forces from
August, 1914, to January, 1918,
was 25,365, of which 1,392 were of
ficers.

A deadlock has occurred between
the teachers and the members of
the Victoria school board. Mc-
Phail exclaims, "Oh, that such a
deadlock would greet the Blairmore
board!"

The other day we asked Jean
McPhail what was the greatest
feat in the eating way ever known.
She replied it was that recorded in
the Frank paper in 1907 of a Blair-
more man who commenced by bolting
a door, after which he
threw up a window and then sat
down and swallowed a whole story.

The British twin screw Diesel
engine vessel Glenapp, which has
just been built by a Glasgow ship-
yard, is according to the local
press, the largest and most power-
ful motor vessel in the world. It
is of 10,000 tons deadweight and
has two sets of engines constructed
by Messrs. Harland and Wolff at
their Glasgow works. These give
a total horsepower of 6,800, which
figures represent a very marked
progress in this type of vessel.

We have issued announcements
during the week for the following
dances: Blairmore opera house,
Friday, February 14th; Red Cross
dance in the Union hall, Hillcrest,
Monday, February 17th; Moccasin
Dance on the Frank skating rink
on Wednesday, February the 19th;
Great War Veterans' Masquerade
dance at the opera house on Fri-
day, February 21st, and St. Pat-
rick's dance at the Union hall,
Hillcrest, Monday March 17th.
Ralph Maddison will sing during
the supper hour at the last men-
tioned affair.

G. B. Catonio, of the Blairmore
pool hall, has been made a target
during the week for a chap. who
leaped in over the counter with
no apparent provocation. Had it
not been for Catonio, it is very
likely that the assailant would
have kept on sailing through a
three-hundred-dollar mirror which
displayed Catonio's supply of aera-
ted waters. Depositions were
made by Catonio to the police, al-
leging threatening language used
against him by some of his Italian
compatriots, and in all likelihood
there'll be something else doing.

Bellevue Happenings

Missionary anniversary services
will be held in the Methodist
churches at Bellevue and Hillcrest
on Sunday, February the 25th, at
which Rev. Thomas Powell, super-
intendent of missions for Southern
Alberta, will be the speaker. Ser-
vice at Hillcrest will be at 11 a. m.
and at Bellevue at 7:30 p. m. On
the Monday evening following, Rev.
Mr. Powell will deliver his popular
lecture, "Other People We Meet,"
at the Bellevue church, at which a
fee of 25c will be charged.

The Ladies' Aid of the Method-
ist church held a very successful
bazaar and sale of work in the
church on Wednesday evening of
last week, from which over \$200
was netted.

District 18 Officers For Ensuing Year

The official returns of the second
election in District 18 show as fol-
lows:

President—P. M. Christophers,
Blairmore.

Vice-President—Alex McFegan,
Brule.

Secretary-Treasurer—Ed Frown
Taber.

International Board Member—
Robt Livest, Bellevue.

Tellers—W. Patterson, Blair-
more; Pat Conway, Brule; W. Hay-
son, Coleman.

Auditor—George Christie, Bel-
levue.

Delegate Alberta Federation of
Labor—A. Cacchioni, Wayne.

Delegate Trades and Labor Con-
gress—Frank Whoolley, Bankhead.

District Board Members—Frank
Brindley, Fernie; John Brooks,
Bellevue; Chas. Pascock, Leth-
bridge; Frank Wheatley, Bank-
head; Jack Keat, Wayne; David
Fraser, Brule.

Real Distillery Running in Edmonton

Surrounded by barbed wire en-
tanglements and three ferocious
watch dogs, an illicit distillery has
been discovered in Edmonton by
the police.

The miniature whiskey factory
was running in full blast when the
police arrived, and fifty gallons of
raw material was being converted
into moonshine liquor. The de-
tectives crossed the wire entangle-
ments, silenced the dogs and ran
towards the house, when a large
number of men were seen to leave
and rush away over neighboring
fields. Two Austrians were ar-
rested and admitted ownership of
the still, and were fined \$300 and
costs each. The manufacturing
equipment was confiscated and
may be used to manufacture the
requirements of the staff of the at-
torney general's department.

New Patriotic Fund Regulations

The following regulations have
been adopted by the South Alberta
Branch of the Canadian Patriotic
Fund taking effect January 1, 1919:

- (1) The maximum allowance of
\$50 per month may be exceeded
where there are more than seven
children in a family. Each child
over seven in a family may be al-
lowed \$3 per month extra.
- (2) The last payment due to the
dependents of British reservists
will be twice the amount of the
regular monthly allowance, and
the last payment due to dependents
of French, Belgian and Italian sol-
diers will be three times the amount
of the regular monthly allowance.
- (3) Allowances will be paid to
all wives, otherwise eligible, no
matter whether they were married
before or after the soldiers' enlist-
ment.
- (4) Allowances in respect of
children will be continued so long

It Is What You Want It To Be

When you put an orchestra record
on the New Edison Diamond Amberola,
the Amberola becomes an orchestra.

When you put on a vocal record, it
becomes a singer.

When you put on a violin, piano,
harp or cornet record, it becomes the instrument itself.

So real, so "life-like" is the reproduction that it is
hard to believe that the artist is not actually in the room.

And no needles are required to play

THE NEW EDISON DIAMOND AMBEROLA

The stylus (reproducer point) of the Amberola
is a genuine diamond that never wears out. Neither
do you have to worry about injuring expensive
records, because

AMBEROL RECORDS

are almost unwearable and nearly
unbreakable; and there are more than
3,000 titles to choose from.

Our Liberal Free Trial Offer

means that you can have any model
Amberola and a dozen Records deliv-
ered to your home, to enjoy for a
week without paying a cent or being
under any obligation to purchase.
May we send you one today? 178

Free Empire More Than Match for Military Autocracy

London. — In commenting upon the report of Field Marshal Haig, the Daily Chronicle described the operations dealt with "as the most glorious achievement in the whole history of the British army."

"In Marshal Foch's strategic statement, the part assigned to the British was most important, and most difficult," the newspaper continues. "The overcoming of the Somme defences in August was a superb feat, and the breaking of the Hindenburg line with weakened forces was almost superhuman. When historians examine the miracle by which 59 British divisions inflicted such crushing defeats on 99 German divisions," says the Telegraph, "that, without belittling our men's amazing heroism, they will find a material explanation in our possession of a tactical superiority due to swift tanks."

"That these victories should have been won against the Germans' numerical superiority is sufficient proof that the manhood of a free empire is more than a match for the legions of a military autocracy."

"The principal reason for the dramatic change which occurred in the military situation," says the Telegraph, "was undoubtedly due to the personality and genius of Marshal Foch, whose strategic conception was carried out with such fine, conspicuous loyalty by Field Marshal Haig and the British army. By it the whole campaign was revolutionized. To this we must add as a material factor the splendid fighting capacity of the French and British soldier. It is by no means true that the enormous department of mechanical invention has deprived the infantryman of his value. On the other hand, the infantryman still remains the backbone of defence and the spearhead of attack."

"As Field Marshal Haig adds: 'At no time has the reputation of the British infantryman been higher or his achievement more worthy of recognition.' In hardly a less degree, ultimate success was ascribed to the air force, and it is interesting to note the praise that the field marshal gives to the tanks. So great had been the effect produced upon the Germans by British tanks, he said, that in more than one instance, when real tanks were not available, results were obtained by the use of dummy canvas tanks."

American Plan Not Formulated

Will Not Be Until President Examines Various Suggestions

Paris. — The American delegates to the peace conference have taken note of the "American plan" for a league of nations as outlined by the Paris edition of the Daily Mail. It is said they have no knowledge of it, but what they have read. The members of the commission declare that it did not originate with them.

The American plan, it is declared, is not officially formulated and will not be until the president further examines various suggestions, including several from allied governments. It is added in authoritative quarters that the statement that the British government has accepted the plan outlined by the Daily Mail is incorrect.

Lloyd George Says German Armies Are Still Powerful

London. — Demobilization demonstrations have been repeated at the war office and some of the country camps. Gen. Robertson, commander of the forces, again received a deputation and promised the men the fullest investigation of their grievances. An appeal was issued on behalf of the premier, saying Lloyd George was giving his personal attention to the matter and urging that, as the German armies still were powerful, it was necessary for Great Britain to maintain a strong army during the peace negotiations.

The men were urged to submit patiently to the inevitable hardships. They were reminded that discipline was imperative and that the present course of the soldiers would delay and not advance demobilization.

The following is the text of the official statement issued regarding demobilization:

"The prime minister has been giving careful personal attention to the speed at which the demobilization of the army is being maintained. He considers that his first duty is to

Troops Awaiting Attack

Berlin. — Spartan forces are being massed at several places where weapons and armored cars have been concentrated. In Wilhelmstrasse the government forces are awaiting an attack. Government troops have been posted on top of the Brandenburg gate and adjoining buildings with machine guns. The troops in the government buildings have been equipped with flame throwers. The Associated Press correspondent saw a troop of about 30 Spartans, half soldiers and half civilians, all armed and having with them one machine gun, march through the Potsdam Place toward the Bolshevik gathering place.

Praise for General Haig

Does Not Lessen Gratitude to Marshal Foch

London. — Writing in the Daily News on Field Marshal Haig's report Major General Sir Frederick Maurice, former chief director of military operations at the war office, comments upon the calm with which the brilliant succession of victories which the British armies won in the autumn, was received at home.

"Our gratitude to Marshal Foch," he says, "need not be lessened if we follow his example in paying to Field Marshal Haig and the British armies the tribute which is their due. The British commander justly claims that the decisive effort of the whole campaign was the battle of Cambrai from September 27 to October 5, in which the British first, third and fourth armies broke the vast defences of the Hindenburg system."

British Staff is Already in Paris

Canadian Mission Also Has Representatives There

London. — The principals of the peace conference are gathering at Paris in readiness for the conventions of the allied powers, at the offices of the French ministry of foreign affairs. A considerable proportion of the British official staff, which is to assist the delegations, is already in Paris. The Canadian mission also has representatives there making the necessary arrangements for the convention for the Canadian party.

The whole British mission is to be housed in two large hotels, the Astoria for officers and the Majestic as a residence. Arthur J. Balfour and Lord Robert Cecil, who have charge of the British case in relation to the proposed league of nations, are already in France, and Lloyd George and Bonar Law will cross immediately after the new government is announced.

Home Rule for India

London. — A despatch from Reuters' Delhi correspondent, announces that at the nationalist congress there is a motion in favor of full provincial autonomy and against special electorates for Europeans was carried by acclamation. The congress passed formal resolutions of loyalty.

Poles are Defending Lemberg

German Guns and German Gunners Destroying City

Warsaw. — The Poles are making a gallant defence of Lemberg with limited means, but the Bolshevik Ukrainians, aided by German guns and German gunners, slowly are destroying the city.

The besiegers are estimated to number 50,000—commanded by former Premier Holubovitch of the Ukraine, who also was chairman of the Ukrainian peace delegation at Brest-Litovsk.

The Ukrainians threaten the water and electrical supply of the city, while food is becoming very scarce. Only a few of the civilians have been able to escape from the city owing to the poor railway service. The Polish troops are being aided in the defence of the city by many citizens of Lemberg, including girls and boys. In November the citizens aided the Poles in saving the city from the Ukrainians.

War Tax Over Fifty-eight Millions

Ottawa. — The total amount of assessments made under the business profits war tax act, to date, is over \$58,000,000, of which over \$54,000,000 have been collected. It is estimated that by the end of the present fiscal year about \$65,000,000 will be realized. This is more than double the estimate made in the budget speech in which the business profits war tax act was introduced.

Notable Canadian War Correspondent

F. A. McKenzie

Mr. F. A. McKenzie, the war correspondent, who has come to Canada straight from the fighting front to deliver a series of lectures on the recent battles in France, is a Canadian by birth, although he has lived most of his life in Great Britain and other parts of the British empire.

MAY CALL STRIKE

To Compel Removal of Censorship Bans on Press

Medicine Hat, Alta. — The convention of the Alberta Federation of Labor contemplates drastic measures to compel the removal of all censorship bans on press and speech, and a majority of the delegates are prepared to go to the limit of calling a general strike in sixty days.

After heated discussion the convention referred a resolution on the matter back to the resolutions committee for the purpose of strengthening its phrases so as to indicate the strong feeling which pervades the convention. All elements are agreed as to the injustice of the censorship now that the war is over.

Trotsky Worked in Freight Sheds

Toronto. — The Toronto Telegram recalls the fact that Trotsky, the new sole dictator of Russia, once worked in the freight sheds of the Canadian Pacific railway at Montreal and that he has a claim against them for \$14 for alleged arrears of wages, as he left without notice of Trotsky. The Telegram also claims the attention of Canadians in that he organized a Toronto branch of the I.W.W. when in New York.

Reverses for Bolsheviks

Washington. — Loyal Russian troops operating under the authority of the Omsk government have defeated a large Bolshevik army, capturing 31,000 prisoners and large quantities of war material, according to a telegram from the Omsk authorities to the Russian minister at Stockholm. The message, as printed in the Swedish press, was received at the state department.

Import More Foodstuffs

London. — Imports into the United Kingdom during December increased £31,420,000 over the same month in 1917, according to statistics made public by the board of trade. The increase was mostly in foodstuffs and raw materials, of which \$4,500,000 was cotton. Exports increased largely, cotton textiles providing £2,000,000 of the increase.

Strong Demand For Staple Products

Countries Involved in War Will Become Increased Consumers

Washington. — At least 1,400,000 tons of foodstuffs, costing approximately \$350,000,000 delivered, will be needed to carry through until the next harvest the population of the districts thus far investigated by the American staff of the commission on European relief. This estimate was sent by Herbert Hoover to the food administration in a cablegram reviewing the conditions as found in central Europe and the Balkan States.

Recommendations that the United States take the initiative in formulating an international program of agricultural production for the entire world to forestall a possible serious shortage of food, feed and fibre in the next few years was made to the department of agriculture by the commission sent to Europe last fall by the department to study conditions there.

The commission said that conditions found in England, France and Italy, indicated a strong demand for staple agricultural products of this country such as wheat, meat, sugar, cotton and wool, and that prices will be steady and at a high level. All countries involved in war will at once become increased consumers when governmental restrictions upon foods are recalled.

Opposition Bench Will Be Occupied By Labor Leaders

Cannot Trust Germany

London. — The admiralty in a statement regarding demobilization, explains the procedure which has been adopted with regard to freeing for civil life the men of the seas. It adds that it cannot be expected that complete demobilization of the navy and the restoration of the sea force to a peace footing can take place for a considerable time.

"Until the preliminaries of peace are signed," says the statement, "it is necessary to retain in home waters a portion of the grand fleet in a state of readiness to meet any eventualities."

West Will Fill Part of Order

Great Britain Buys Lumber Valued at Fifty Millions

London. — As the outcome of negotiations carried on by the Canadian trade commission for the past month, the timber controller of Great Britain will purchase in Canada half a million standards of lumber, equivalent in the Dominion to 1,000,000 square feet.

The lumber, which is to be of all grades, will be bought under the direction of the lumber controller through British brokerage houses and the Canadian timber agents in London, who will deal direct with the Canadian lumber producers.

It is understood that every Canadian producer who is registered on the lists of the trade board at Ottawa will be given an equal opportunity to sell.

There is also to be an allocation of purchases to a territorial basis, thus ensuring a fair proportion of purchases to Western Canada.

All the British Columbia lumbermen are represented here by L. C. Beale, timber commissioner for the province, who is attached to the staff of F. C. Wade, agent-general for the province in Great Britain, and he will deal directly with the lumber controller.

This lumber is to be bought within the next twelve months. It will represent a total transaction in money value of about \$40,000,000.

Janitors Strike in Warsaw

Demand Ten-hour Day With Doors Closed at Nine O'clock

Warsaw. — The waiters and janitors of Warsaw, who are among the few having steady work and good pay, have gone on strike, and the house servants are expected to follow their example. The domestics are even now only consenting to work if the state does her share of the labor of the household, especially the dishwashing and similar services. The waiters demand 15 per cent. of the profits of the hotels and restaurants, while the cooks are asking 25 per cent.

The janitors demand a ten-hour day, with the front doors closed at nine o'clock in the evening. As the tenants have no keys to the front doors of the apartment houses they are obliged to stay indoors through fear of being compelled to pass the night in the streets. The janitors, however, express willingness to concede permission for the tenants to go out after nine o'clock and come in late if they pay a fine of one mark for each time they thus trouble the janitor.

Most of the evening engagements of apartment dwellers are being given up owing to this situation and the streets are virtually deserted at night.

Food Conditions Improved

Restaurants in Paris are No Longer Restricted

Paris. — To the decree signed by Victor Boret, the food minister, abolishing fixed prices upon condensed milk, tapioca, macaroni and similar products, as well as on eggs, rice and beans, is added the warning that any abuse of the privileges granted under the decree will lead to the reimposition of fixed prices.

The restaurants, under the new ruling, are no longer restricted as regards the hours during which meals may be served, nor as to the composition of the menu nor the price charged. They may now serve cheese, butter, milk and cream, which they previously had been forbidden to do. The schedule of prices, however, must still be posted outside the eating houses.

London. — The British Labor party has decided to accept the responsible position of official opposition to the government. This is a landmark in British parliamentary history.

The Labor party's position as the largest body outside of its coalition has entitled it to this distinction and its leaders will take their seats on the front row.

At the same time, though the Labor party has the numerical advantage, it is to be remembered that there are numerous Liberals in the coalition and that the total number of Liberal members of parliament is well in excess of the total number of Labor members.

The leader of the opposition will be William Adamson, representing West Fife, who is only a minor for twenty-seven years. He has strongly supported the government in its prosecution of the war. John Robert Clynes, who held the office of food controller, is to be deputy leader. He withdrew from the government in compliance with the Labor executive's decision. Both of the men are looked upon as moderates.

Three of the seven officers appointed by the Labor party, including the chairman, are miners.

U. S. Attitude Is Not Defined

Toward Treaties Between European Powers

Paris. — The attitude of the United States toward the treaty between Italy and France, Great Britain and Russia, relative to the eastern end of the Adriatic, has not been clearly defined, as far as is known. When it came up recently, in the course of peace preliminaries, however, the United States did not indicate how it would stand when the treaty entered into consideration.

Article four of the treaty provides that the future treaty of peace will give to Italy the Trentino, the whole of Southern Tyrol, the cities of Trieste, Gorizia and Gradisca, the province of Istria and the Istrian Islands.

Article five gives Dalmatia and the Dalmatian islands to Italy. Other articles deal with Albania and zones in Asiatic Turkey in the case of Turkey being broken up.

Germany Unsatisfied

In Some Places People Preserve Hope of Revenge

Paris. — The correspondent of the Petit Journal with the French armies, draws a strong contrast between the cities throughout France and Germany. France, he says, although victorious, is still bleeding from innumerable wounds, whereas vanquished Germany is reaping the harvest of defeat and bustling activity has been resumed in some of the factories.

After depicting the woes of the devastated regions, the correspondent adds: "Travellers returning from Germany report that Germany is practically unsatisfied and in some places the people even preserve hope of revenge. Life goes on as formerly; looms are in operation, engines are humming and reconstruction work is already under way."

"In France, on the contrary, mine shafts must be consolidated and repaired, houses and cities rebuilt and fields levelled."

German Agent Aided Mexicans

Washington. — Evidence designed to show that Francisco Villa, the Mexican bandit leader, received \$380,000 worth of munitions paid for by the Mexican government, was secured by the Mississippi Valley Trust Company of St. Louis in 1915 was presented to the senate committee investigating German propaganda by Major E. J. Lowry-Humes, in charge of the investigation.

Germany Paying Up

Coblenz. — Ten million marks have arrived here from Berlin by special train, this sum being the first payment by the German government of the 25,000,000 marks due in January for the expenses of the German army of occupation. The arrival of the shipment makes a total of 60,000,000 marks which has been turned over to the American authorities.

Volunteer Mine Sweepers

London. — The agitation of crews of mine sweepers attached to the grand fleet on account of slowness of demobilization has been settled by the admiralty, which has decided that only volunteers will be engaged in sweeping mines. About 65 per cent. of those engaged in mine sweeping volunteered for that service.

ROYAL YEAST CAKES

The quality of Royal Yeast Cakes is such that it cannot be improved, so we are improving the package. The change from a round to a square package will be made as rapidly as practical. The quality of the round and square cakes is guaranteed to be identical in every respect. Each of the square cakes are wrapped separately by machinery, in wax paper, in such a manner as to make them practically airtight, and scientifically hygienic.

ROYAL YEAST HAS BEEN THE STANDARD YEAST OF CANADA FOR NEARLY HALF A CENTURY

WINNIPEG MONTREAL

Your Home Paper

In some quarters, and among a certain class of Canadians given to very superficial thinking, it has been counted a populist pastime to deride the newspaper press of this Dominion and to characterize it as dishonest, venial and corrupt and its independence a joke. It is stated with three-fold reiteration by these critics that the newspapers of Canada are either under the thumb of self-seeking politicians, or are the property of special interests and combine whose purposes they exist to serve, or that they are at the mercy of their chief advertisers; consequently, that the newspapers of Canada are biased against the public good, that free expression of opinion is stifled, that even the news columns are "doctored," items of news being published or suppressed according to the personal or political interests of the real masters of these papers dictate. As for the editorial views advanced by the newspapers of this Dominion, these critics declare they are tainted with suspicion by the people and carry little weight.

One of the most recent tirades of this character is to be found in the editorial columns of an advertising supplement, which is, contrary to the postal laws of Canada, being inserted in a number of Western weekly papers. This advertising supplement is not printed by these weekly papers. It is issued by an advertising agency in Regina, and the weekly papers are using it merely paid a nominal sum to incorporate it with their regular editions and thus give circulation to the advertisements of Regina business concerns and draw trade to that city and away from the smaller towns and villages of the West.

Possibly the editorial attack of this advertising supplement on the press of Canada should be given just the editorial criticism it deserves in editorial expressions. However, while the daily papers of the Dominion may ignore it, we feel inclined to offer a few observations so far as the weekly press of Western Canada is concerned.

It is no doubt true that in Canada, as in all countries, there are certain newspapers which are controlled, and their policies dictated, by political

party men. Others are owned by corporations having selfish interests. To be sure, but, because there are a few outstanding examples of this kind, it provides no ground for the general condemnation of the larger newspapers of this country, and people who have been fed with this kind of a false criticism of the press would probably be surprised and greatly enlightened to learn how small, after all, is the number of papers under such control and open to such dictation.

So far, however, as the weekly newspapers of Western Canada are concerned, the charge of a lack of independence cannot be successfully maintained against them. Rather, it can be said without fear of successful contradiction that of all the institutions in this Western country there is not one more free from outside interference, dictation or control, either by party politicians, financial interests, railways or other corporations, than the weekly newspapers of the Prairie Provinces of Canada.

Western weekly papers are, in the vast majority of cases, the personal property of the men who are actually directing and managing them, and in those few cases where they are owned by joint stock companies the shareholders are men of substance and standing in the community in which these papers are published, and among whose people they are circulated and by whom they are read.

These weekly papers are the real and true mirrors of the life of their respective communities; they exist to serve the people, and, for that reason, they are, almost without exception, found ever ready to advance the interests of the community and promote the true welfare of its people. They have views on public questions, of course, and they are not without bias, but they must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

For real independence the weekly newspapers of Western Canada stand without a peer. Many of them make great sacrifices in the interests of their home districts, and are advertising designed to draw business away to other and larger centres. They are ever ready to give a helping hand to every worthy cause calculated to advance the interests of their community. For these, and for other reasons, the weekly papers are deserving of the unstinted and united support of the people of their respective communities. In subscribing for, and in every possible way supporting the "home weekly," people are but assisting to build up and maintain an agency which can and does render incalculable public service.

To the reader of this paper, therefore, we would say: Do not undervalue your own paper; do not unfairly contrast it with larger papers elsewhere; rather support and encourage it and thus enable it to improve and develop until others will point to it as a model, and its power to benefit the community—your own community—be largely increased.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE TABLETS. It stops the cough and breaks up the cold. Get it at the drug store. W. N. U. 1246

Conditions Are Terrible

Doctors in German Camps Neglect Sick Prisoners
London. — The terrible conditions existing in the British prisoners' camp at Pashin, Mecklenburg, are described by Special Correspondent in Berlin. The correspondent visited the camp. He says: "The prisoners' camp at Pashin is the only one in the world where the prisoners are dying of rapidly from influenza. The German doctor leaves the camp at 6 o'clock every evening, and locks his medicine cupboard and ignores his patients. The prisoners have a terrible Christmas, fighting influenza with their bare hands, so to say. On the day after Christmas the British were asked to furnish a burying party and found 17 men dead lying as they had been flung into the mortuary. All had been stripped, even to their shirts, and were unshowered. The sanitation servants having gone to Berlin for the holiday."

These Pills Cure Rheumatism.—To the many who suffer from rheumatism, a trial of Parmentier's Vegetable Pills is recommended. These pills pronounced action upon the liver and kidneys and by regulating the action of these organs act as an antidote in preventing the admixture of uric acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

See Light of Day Again

London Takes Out Art Treasures From Hiding Place
London. — More of London's art treasures are seeing the light of day after their long sojourn in places of safety where they were stored to save them from danger during air raids. This week the historic armor which has been reinstalled in the Tower of London, and the re-arrangement of the town armories which was held over owing to the war, is now complete. The windows of the houses of parliament, which were darkened with opaque substances are also being cleaned, and these beautiful stained glass works of art are coming to view.

Countless have been the cures worked by Holloway's Corn Cure. It has a power of its own not found in other preparations.

Germany Wants Poland

Are Spreading Stories of Advance by Polish Army
Washington. — Reports from Berlin that a Polish army was marching on the German capital is denied by the Polish bureau. The report was instigated for German propaganda purposes. A statement by the bureau said: "Poland is the prize Germany seeks."

The statement said that in German Poland, which is between 70 and 90 per cent. Polish, the people of their own accord are "setting their house in order to resist Russian and German Bolshevism," and to that end have created a local militia. To hinder the operations of this military force, the Germans, it was said, are spreading stories of an advance by the Polish army.

The bureau's statement also said French and British newspaper correspondents in Berlin have been recalled at the request of their governments which were said to have become convinced that the correspondents were being used for propaganda purposes.

Minard's Liniment Cures Distemper

Women Help in Defence of City
Suffered Heavy Losses and Many Captured

London. — Polish Rutenian troops have advanced and surrounded Lemberg, which is defended by the Poles, according to a Central News despatch from Copenhagen, quoting advices from Vienna. It is added that the Poles have been driven from their base, northwest of Lemberg. In the advance on Lemberg, the Rutenians attacked with 20,000 rifles on a front of 12 miles. All the Polish forces in Lemberg took part in the fighting, including a division making a heroic stand. This division, it is added, suffered severe losses and many of the women were captured.

Famous Big Gun Abandoned
Coblentz. — Disembarked and with its war-torn parts already beginning to rust, the big Bertha which started the world by its long range fire upon Paris in the early months of last year has been left to rust in an old German artillery yard in West Prussia.

According to information reaching the third army the famous big gun is lying in the open air, protected from the eyes of the curious only by a board of iron. Other guns of larger calibre are also within the yard, a few German soldiers acting as guard.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. It is a tried and true remedy. It is the only remedy that gave her relief.

I have used Zam-Buk myself for the same ailment, also for sore and burns, and have the greatest confidence in it."

Zam-Buk

Subterfuge to Deceive Entente

Turks Claim They Were Opposed to Armenian Massacres
Washington. — Reports have been received from Constantinople to the effect that the Ottoman government has decided to create a general court martial for the trial of all functionaries responsible for the Armenian massacres, although most of them have fled the country with Enver Pasha and Djemal. The despatch says that Marshal Liman von Sanders, formerly head of the German military mission in Turkey and one of those primarily responsible for the massacres, was allowed to leave Constantinople freely.

The statement published to the effect that the Ottoman government proposes to form a court martial for the trial and punishment of the culprits responsible for the Armenian massacres is absolutely valueless. The old and young Turks are jointly and severally responsible for the horrors perpetrated upon the Armenians, not a Turk lifted a finger to protest against the wholesale extermination of the best section of the law-abiding, innocent and progressive element of the Ottoman empire. Had the central powers won this war, the ring-leaders of the Armenian butcheries, including Enver Pasha, would have been hanged by the Turkish populace as heroes.

The Turks are now endeavoring to ingratiate themselves with the entente powers, so as to gain better terms in the peace conference, and have sent emissaries to Europe in order to persuade the chancelleries of the allied powers that the Turks were pro-entente and opposed to the massacres. This is fundamentally false.

Will Be Sold Out

British Ship of War Is Now at Esquimaut

Vancouver. — At St. Algerine is to be sold out of the service as she lies at her mooring in Esquimaut harbor, according to announcement made by the naval authorities. The vessel is of the type known as a ship of war, similar to the Shearwater, and was built in England in 1895. She is 185 feet long, steel built and has twin screws. The Algerine came to British Columbia from the China station a few years ago and was used as a patrol boat. When war broke out the Algerine and Shearwater were in Mexican waters and the German squadron made an effort to find the ships before they regained Esquimaut.

Newest Battleship to Be Surrendered

London. — Germany's newest battleship, the Baden, will be surrendered at a British port within a few days, in accordance with the terms of the armistice, according to an announcement here.

Stuffy Head Cleared Of Catarrh Germs By "Catarrhazone"

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhazone." That it cures catarrh you cannot doubt. Catarrhazone has cured thousands; it will cure you, too.

It acts quickly. First, it destroys the germ—that checks the progress of the disease. Its second action is to reach the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lung, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhazone so effective in grippe, catarrh, and colds. Then by its receptive influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhazone. This valuable remedy which so surely enables us to permanently cure disease of the throat and lungs. We all know that stomach dosing is useless, and this departure in the mode of treatment is a clear advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhazone. Other goods of large value. Catarrh, asthma, bronchial or throat troubles, lasts three months. \$1.00 bottle, 50¢ trial size, 25¢ sold everywhere.

Golfers Hie to Pacific Coast

Swat Pill on Grassy Greens During Winter Months

Would you like to play golf to your heart's content on the finest puttable green courses ever iron was toted on, with mountains and blue bay as background, with the tang of fresh sea air in your lungs to inspire your every stroke?

That's what they're doing out in Vancouver and Victoria this winter. Scores of enthusiasts are spending, or are about to spend, delightful weeks or months out there on the courses. Shagbushy Heights (Vancouver) Hotel guests have privilege on payment of green fees, Jericho Country and Vancouver Golf, and Country Club are at your service in Vancouver. In Victoria, the Victoria Oak Hills and Victoria Golf Country Clubs invite you to play the magnificent Hotel Vancouver in that city, and Empress Hotel at Victoria, provide comfortable luxurious accommodations.

Two trains operate through the Canadian Rockies to the Pacific Railway every day—a beautiful scenic trip. View the grandeur of majestic mountains, deep canyons, rushing cascades, and boundless forests while you ride in comfort and luxury.

Descriptive literature will gladly be supplied by any Canadian Pacific Railway representative.

TAKE NOTICE

We publish simple, straight testimonials, not press agent's interviews, from well-known people. From all over America they testify to the merits of MINARD'S LINIMENT, the best of Household Remedies. MINARD'S LINIMENT CO., LTD.

Supplies Exceed Cargo Space

New York. — Shipment of all classes of freight and particularly food stuffs intended for American troops abroad and Europe's starving people, was embargoed from other parts of the country through the ports of Boston, Philadelphia, New York, for export by order of the federal food administration.

Food and supplies are accumulated on the piers of New York to such an extent that it is impossible for it to be handled and for cargo space to be provided for its transportation abroad.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms are literally ground up and pass out of the child without being noticed and without inconvenience to the sufferer. They are painless and gentle in action, and at the same time, besides being an effective vermifuge, they are tonical and health-giving in their effects.

Kaiser Plans Country House

Kaiserin Bought Furnishings to Holland, Including Kitchen Utensils

The Hague. — Belmonte, a country seat near Wageningen, is being prepared for the former imperial couple of Germany, but it is doubtful whether they will ever occupy it, since public opinion in Holland is becoming more and more aroused against sheltering the man who let loose the dogs of war. The ex-kaiser and kaiserin visited the house and planned alterations. The Kaiserin brought some complete house furnishings to Holland, including all the kitchen utensils on the imperial train. Occasionally they go from Amerongen castle to Zuylenstein castle, where the former Kaiser on medical advice saws wood in the forest.

There was no truth in the report that he attempted suicide. First, so I am told, he is "too religious," and secondly, he is too cowardly. If he took this house, Wilhelm II would be the second royal fugitive accorded asylum in Wageningen. In the 17th century, when Austria had conquered Bohemia, the king of Bohemia came to live there. The stone table at which he used to sit and look over the Rhine is still shown to tourists.

Boy Scouts Will Plant Trees

New York. — In order to give permanent expression to "all Colonel Roosevelt stood for to the Boys of the Union," 16,000 troops of the Boy Scouts of America, comprising 440,000 members, were instructed to plant one or more trees with suitable inscription and ceremony in memory of the former president, the national council sent in a telegram of condolence sent to Mrs. Roosevelt at Oyster Bay.

The Falkland Islands are believed to be the windiest place in the world and tree growth is practically impossible there.

NEW TREATMENT THAT KNOCKS RHEUMATISM

7c BOX FREE TO ANY SUFFERER

Up in Syracuse, N.Y., a treatment for rheumatism has been found that hundreds of thousands say is a wonder, reporting cases that seem to be short of narcotics. That a few treatments even in the worst cases seem to accomplish wonders even after other remedies have failed entirely. It seals to neutralize the acid and lime deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling, just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that it never wastes everybody that suffers from rheumatism or who has a friend or relative who is suffering from it. It is even so effective that Mr. Delano says: "To prove that the Delano treatment is the best, I will give you a full size 7c package of the treatment, and you will not send this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

Mr. Delano, 994 Wood Bluff, Syracuse, N.Y., can send you one free package. Note: Orders for Delano's Rheumatic Conquerer will be filled from the Canadian Laboratories without duty.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one bright, the next cold stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence, the children are kept in over heated, badly ventilated rooms and are soon seized with colds or grippe. The best way to keep the little ones well is Baby's Own Tablets. They will regulate the bowels and stomachs and drive out colds and by their use the baby will be able to get over the winter season in perfect health.

Minard's Liniment Cures Garget in Cows.

French Entered Montenegro

Paris. — French troops entered Cetinje, the capital of Montenegro on December 2, it is announced. They were greeted enthusiastically by the people and found that good order prevailed in the country. Five members of the national assembly, one been charged with the management of the country's affairs until the union of Montenegro and Serbia under the Kara-Georgievich dynasty has been completed.

Lundenshof in Sweden

Copenhagen. — The recent newspaper reports of the arrival in Sweden of General Lundenshof, the former virtual head of the German military system, are confirmed by T. A. V. Schotte, the Swedish home minister. It is said that General Lundenshof is living on a farm at Passieholm, southern Sweden with a man named Edgar Olsson.

The practical vacuum cleaner has been put to many and strange uses, but the most odddest of all is the removing of dust from an elephant's thick hide.

A Cure for Pimples

"You don't need mercury, potash or any other strong irritant to cure pimples caused by poor blood. Take Extract of Roots—druggists call it 'Mother Seign's Curative Syrup'—and your skin will clear up like a baby's. It will sweeten your stomach and regulate your bowels." Get the genuine. 50c and \$1.00 bottles. At drug stores.

large selection. 25c. per copy or
5 for \$1.00. Call or write for
catalogue.—S. TRONO,
Blairmore Jewelry & Music
Store.

Canada has had an epidemic of
influenza, but compared to some
parts of the world, our experience
has been indeed trifling. In the
city of Bombay there were 15,000
deaths, and in Delhi, of a popula-
tion of 200,000, the death rate at
one time reached 800 daily.

James Patterson, who attempted
to smuggle 2,112 bottles of whisky
into the city of Toronto, concealed
in bundles of laths, was fined \$1,
000 in the police court, being the
maximum fine for a breach of the
Ontario "Temperance Act." The
liquor seized is estimated to be
worth \$5,000.

Consider the plight of the poor
curriers, says the New York Times.
Here they come along with a sched-
ule for the winter, and vary a day
fit for the curling! And not only
that! Along with the January
thaw comes the news that right
soon it will be a crime to have the
weed wrap on the scene when the
stones gas skirling and the swish-
ing of the brooms on the dry ice
makes a man's throat dry and
ticklish for the evil they say comes
out of a swallow of a bit of Scotch
or the drop of potheen. Aweel,
these are hard days for real sport!

Two Austrians were before the J.
P. at Bellevue on Friday last to
answer several charges laid against
the pair. The young chaps landed
in Hillcrest about the middle of
the week from Taber and interme-
diate points and were looked upon
by the authorities with suspicion.
They reported to Constable Peebles
at Bellevue on arrival there in a
1917 Chevrolet which carried 1918
license plates. They were warned
against travelling without licenses,
but were granted permission to go
across to Hillcrest and then to re-
turn east. From Hillcrest they
ventured to run over the slide and
on making the first big grade the
car bucked and backed down the
hill and over an embankment,
where it landed wheels up. The
occupants—two men, a lady and
little child—managed to make
their escape before the car took the
plunge. The police received word
of the accident and arrested the
two men, landing them in the cool-
er at Bellevue. Before Justice
Robertson on Friday they pleaded
guilty to running without the nec-
essary licenses, and for violation of
orders of the police and were as-
sessed sums aggregating \$74.50. To
pay their fines and be set at free-
dom they were obliged to sell the
wreck.

Miss Maggie Patterson is re-
moved from visit to her sister in
Edmonton.

COLEMAN OWNERS
Music for Dancing. Any
players supplied. A
Weddington, secretary.

The lucky game boys
and Coleman Oddfellows on Mon-
day night provided a source of amu-
sement for the large audience of
spectators and no less an amount
for the players who were all am-
ateur amateurs. The only complaint
made was that the ice was none
too soft, an obstacle to hurt up
against and that Blairmore's cool-
keeper was too fond of lying down
at his post. Although several doc-
tors, nurses and healers were on
hand, their services were not needed.
The game ended in Coleman's
favor with a score of 7 to 5. It
was expected that a return game
would be arranged for. After the game
on Monday the visitors were en-
tertained by the members of Cole-
man Oddfellow and Rebekah lodges
to a dancing party which was
much enjoyed. Music was fur-
nished by Mrs. Stokes, Fred Red-
dington and Al Smith.
